

I sail alone

My sailing days are nearly over  
My lifeboat is sinking fast  
My strongest winds coming on fast  
My seas are rising  
My past victories only memories  
Family full of hate  
I sail alone

O Brother, O Sister  
If you're sailing alone  
Set sails with me  
Our Strongest winds and seas  
Coming on fast

O Brother, O Sister Set sails with me  
My sailing days are nearly over  
My lifeboat is sinking fast  
My strongest winds coming on fast  
My seas are rising  
My past victories only memories  
Family full of hate  
I sail alone

O Brother, O Sister  
If you're sailing alone  
Set sails with me  
Our Strongest winds and seas  
Coming on fast
